John G. Waffenschmidt
**Vice President, Environmental Science &
Community Affairs**
NSAC Board Member

December 2007 to the Present – Member of Covanta’s Sustainability Department called the Clean World Initiative, which commits the company to achieving an enhanced environmental, health, and safety performance and to contributing positively to the communities in which we operate. Primarily responsible for specific outreach activities with nongovernmental organizations, government policy makers, regulators, and academics as it relates to solid waste management, Energy-from-Waste, environmental justice, product stewardship, and enhanced producer responsibility.

Currently, lead representative with regard to Covanta’s environmental justice policy and Prescription for Safety program (Rx4Safety), which assists municipalities with free disposal of community collected pharmaceuticals. Also participate in specific permit and business development activities. Previously, nationally responsible for Covanta’s overall outreach program. Responsible for the establishment of an emissions task force to improve overall emissions and for the development of mercury collection programs for the elimination of mercury from the waste stream. Current member of Pennsylvania Environmental Justice Advisory Board, Product Stewardship Institute Advisory Council, Board member of the National Stewardship Action Council, and adjunct/visiting lecturer at several universities. Provide pro bono, ad hoc guidance to NGOs and youth organizations. Routinely provide presentations to groups on the above topics as well as global climate change, life cycle analysis, and overall sustainability strategies.

Covanta’s mission is to provide sustainable waste and energy solutions to ensure no waste is ever wasted.
