Mollie Mangerich
Solid Waste Superintendent, City of
Prescott, AZ
NSAC Advisor

Mollie Mangerich has worked in various capacities in the public sector throughout her career, including state, county, city and regional solid waste management agencies focused on all aspects of integrated waste management programs. She has also worked as the Environmental Division Manager for the City of Meridian, ID, with focus on its wastewater and drinking water utilities. Currently, Mollie is employed by the Idaho Department of Environmental Quality as their Solid Waste Program Manager. Her primary role is to provide technical, policy, regulatory assistance, and administrative oversight in coordination with the Department's six regional offices, as well as conduct program development and implementation, and strategic planning.

Mollie was a participating member of the California Product Stewardship Council, and has served on the Board of the Product Stewardship Institute.

Education: Master of Public Administration, Eastern Washington University; summa cum laude
Thesis: Measuring Effectiveness of Mediation in Environmental Policy Making (Published)
Bachelor of Arts, Social Psychology, Arizona State University; magna cum laude

Life outside work involves horses, hiking, blue-highway road trips and more horses.
